

# ADITYA YEDURKAR

✉ [aditya@adityayedurkar.social](mailto:aditya@adityayedurkar.social) **in** [aditya-yedurkar](#)  [Aditya-y9](#)

## Education

### VJTI

Bachelor of Technology in Information Technology **8.70 CGPA**

D.G Ruparel College of Arts, Commerce, and Science

HSC Board, MHT-CET **99.60%ile**

November 2022 – Present

Mumbai, Maharashtra

February 2022

Mumbai, Maharashtra

### Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

## Professional Experience

### DevLaunch - A Startup from XLRI Tech Incubator

January 2024 – Present

GenAI Intern

Remote

- Completed Technical Feasibility Analysis by designing and implementing a **Genetic Algorithm** entirely from **scratch to generate Architectural Floor Plans** and have received positive results (**up to 86% area coverage**)
- **Entrusted** with the extension of the project, for designing a Floor Plan generator tailored for irregularly shaped plots
- **Developed 15+ algorithms** for fitness, incorporating architectural intuition, local and FSI regulations, irregularity, and Indian traditional elements to improve quality, Along with **seed population** and **genetic algorithm** implementation

## Projects

ChessAI  | Python, Pygame, Numpy, Artificial Intelligence, Genetic Algorithms

November 2023

- Developed an intelligent ChessAI implementing **Minimax, Negamax, and Alpha-Beta Pruning** algorithms
- Designed and implemented an advanced **evaluation function incorporating over 20 chess-specific parameters**, including piece-square tables, material values, and positional factors
- Engineered a comprehensive **game logic system**, including board representation, move generation, special move handling (castling, en passant, pawn promotion), and move animation using the **Pygame library**

Multilingual YouTube Video to PDF Converter  | Python, NLP, BART, moviepy, Pillow, React

January 2024

- Led the ML team to **develop a frame-by-frame analyzer**, which classifies important frames from videos
- Engineered and implemented ML solutions, such as **frame analyzer, summarizer, translator, and QA chatbot**, demonstrating capability in **machine learning applications**
- Orchestrated the integration of all the ML applications, within a **Flask** framework for a seamless user experience

Travel Management System with Database  | HTML, CSS, MariaDB, PHP, Shell

May 2024

- Developed full-stack travel management system with HTML/CSS frontend, **PHP backend**, and **MariaDB database**
- Implemented user-friendly UI with secure **role-based access control** at UI and database level
- Developed **user tracking system** and **automatic bill generation** using PHP and URL parameters
- Employed CRUD operations with prepared SQL statements for robust data management
- Designed **efficient database schema** with SQL Workbench; utilized **CRUD** operations for data management

## Technical Skills

**Languages:** Java, Python, HTML/CSS, JavaScript, SQL

**Domains:** Machine Learning, Web Development, Computer Vision, Reinforcement Learning

**Developer Tools:** Git/GitHub, Google Search Console, Cloudflare, Vercel, Figma, Kaggle, Jupyter, Slack, Postman, Bootstrap Studio, MySQL Workbench.

**Technologies/Frameworks:** React, Tailwind, Flask, Linux, Various Python Libraries(OpenCV, Tensorflow, Keras, etc)

## Certifications

- **Neural Networks And Deep Learning**, by DeepLearning.AI  **October 2023**
- Crash Course on **Python** by Google  **August 2023**
- **Python Developer** by Sololearn  **September 2023**
- Postman **API Student Expert** by Postman  **January 2024**
- **OOPs in C++** by Codio  **May 2023**
- **Java Intermediate** by Sololearn  **September 2023**

## Leadership / Extracurricular

Lecturer and Media Head at ProjectX, VJTI

2022 – Present

- Was Selected after **shortlisting** and **interviews** from **250+ FYs** for an exclusive mentorship program for just 20 FYs
- **Developed a Project (ChessAI)** under the guidance of mentors at CoC
- Served as a **Teacher** in various workshops and implemented various **innovative ideas** as a Media Head to promote coding on our campus and eventually went to become a **Project Mentor** and **Media Head**
